The mission of the SCJC is to promote public confidence in the integrity, independence, and impartiality of the judiciary while encouraging judges to maintain high ethical standards of conduct on and off the bench. The primary method for achieving this mission is through the investigation of allegations of judicial misconduct or disability. In appropriate cases where there is sufficient evidence that a willful or persistent violation of the Texas Code of Judicial Conduct has occurred, the SCJC may take disciplinary action against a judge through (i) a private or public sanction and/or an order of additional education; (ii) a suspension order; (iii) acceptance of a voluntary resignation agreement; or (iv) formal public proceedings that could result in a judge's public sanction, censure, or a recommendation for removal from office.

The SCJC has three funding priorities for the FY 2018/2019 biennium:

1. Restore 4% Reduction in Funding:

Because of Riders restricting over \$26,000 in general appropriations each year, a 4% reduction in that net funding would necessitate a reduction in the SCJC's workforce since nearly 90% of the agency's budget goes to payroll and payroll expenses. It is imperative that the SCJC maintain current staffing levels in order to (a) meet the 20% or more increase in case filings resulting from the agency's FY 2016 launching of electronic complaint filing, (b) continue efforts to reduce the number of cases that remain pending more than 12 months, (c) litigate formal proceedings and appeals of sanctions in the upcoming biennium, and (d) improve and maintain a paperless office environment.

Amount over the biennium: \$90,516

2. Funding to Purchase Annual Subscription Service

As part of its investigative functions, the SCJC relies heavily on its ability to review court records, many of which were readily available, at no cost to the agency, thanks to those County and District Court Clerks who provided online records through their respective websites. Recently, several counties have entered into contracts with

---

---

third-party vendors, such as idocket, and only allow access to court records through a paid subscription. For access to court records through idocket, government agencies such as the SCJC can purchase a monthly subscription at half the regular cost of \$549/month. Without such a subscription, the SCJC would have to incur additional time and expense by making a written request to each court or County or District Clerk in each case, potentially exposing the fact that a judge is under investigation, and/or travel to each courthouse personally to review and obtain copies of the records on site. This funding would allow us to purchase an annual subscription to idocket (and possibly other subscription services) for access to case files no longer being provided free of charge as needed for the agency's investigations.

Amount over the biennium: \$7,000

**3. Funding to Purchase Public Official/Employment Practices Liability Insurance**

Following a recent audit, the State Office of Risk Management identified a potential loss exposure for the SCJC due to liabilities associated with employment practice and decisions of SCJC directors and officers. According to SORM, these potential exposures can be addressed/mitigated by the Statewide Directors and Officers/Public Officials Liability Insurance Program, which provides protection for financial loss as a result of a claim alleging a wrongful act, error or omission, etc. in the executive/management level of the agency. It also provides coverage for Employment Practices Liability for claims brought by employees or potential employees alleging a Wrongful Employment Practice and/or harassment or discrimination. It can also cover negligent evaluation, failure to hire or promote, wrongful discipline. The SCJC could incur expenses even if an allegation is groundless. The requested funding would enable the SCJC to purchase Public Official/ Employment Practices Liability Insurance to protect the agency against these potential financial liabilities.

Amount over the biennium: \$8,500

In addition to the funding priorities above, we are also requesting to revise the language of our existing Riders to expand the description of expenditures that are allowed.

- Rider 2 currently restricts \$21,375 each fiscal year to be used to pay for the expenses of formal proceedings and appeals as authorized by the Texas Constitution, Article V, Section 1-a, Chapter 33 of the Texas Government Code, and the Texas Procedural Rules for the Removal or Retirement of Judges. Under Section 33.023 of the Texas Government Code, and Article V, section 1-a(6)C of the Texas Constitution, in certain cases, the Commission may order a judge to undergo a medical examination to determine if the judge has a medical or mental health disability that may interfere with the judge's ability to perform judicial duties. In those instances where a disability is alleged, the cost of the evaluation by a medical or mental health professional must be paid by the Commission. While the Commission may not be able to anticipate those costs, our experience has been that they can amount to thousands of dollars for a basic evaluation that does not include treatment. Because it is likely that the evaluation ordered by the Commission will coincide with formal proceedings and/or a suspension, we are requesting to have these costs included in the description of expenses authorized to be paid out of the restricted funds in Rider 2.

- Rider 3 currently restricts \$5,000 each fiscal year to be used only for the purpose of investigator travel within the State of Texas. Very often, while engaged in investigative travel, SCJC staff will take video and/or audio statements from witnesses, complainants, and judges, which need to be transcribed by a court reporter before being presented to the Commission for consideration. The cost of such a transcript, depending on the length of the interview, can be several hundreds of dollars. As they relate to work performed while engaged in investigative travel, we are requesting to have these costs included in the description of expenses authorized to be paid out of the restricted funds in Rider 3. Given the 4% reduction in baseline funding, the agency is also requesting the same UB authority for Rider 3 as is currently provided for in Rider 2.

Note on 10% Reduction Schedule:

The SCJC is a very small agency (14 FTEs) within the judicial branch of government and has historically operated on limited resources. Close to 90% of the general revenue appropriated to the agency each year goes towards salaries, wages and other personnel costs. In addition, each year \$26,375 of the agency's general revenue is restricted pursuant to Appropriation Riders, which prevents the agency from using those funds for any other purpose than that stated in the Riders. As a result, any proposed reduction in general revenue would come after setting aside restricted funds, which places the agency at a disadvantage from the start of this exercise. The agency would note that the cumulative effect of these reductions would likely have a negative impact on the agency's ability to attain the goal of 95% disposition of cases, and may contribute to larger caseloads and delays in case resolutions.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The SCJC promotes public confidence in the integrity, independence, and impartiality of the judiciary while encouraging judges to maintain high ethical standards of conduct on and off the bench. The agency investigates allegations of judicial misconduct or disability, and takes appropriate action, including sanction, education, or the filing of formal proceedings that could result in the judge's censure or removal from office.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Funding to enable the agency to conduct at least six meetings per year, to travel for investigations, and to retain current experienced staff are key factors in the agency's ability to meet its key performance measure.

**DESCRIPTION / JUSTIFICATION:**

Because of Riders restricting over \$26,000 in general appropriations each year, a 4% reduction in that net funding would necessitate a reduction in the SCJC's workforce since nearly 90% of the agency's budget goes to payroll and payroll expenses. It is imperative that the SCJC maintain current staffing levels in order to (a) meet the increase in case filings resulting from the agency's FY 2016 launching of electronic complaint filing, (b) continue efforts to reduce the number of cases that remain pending more than 12 months, (c) litigate formal proceedings and appeals of sanctions in the upcoming biennium, and (d) improve and maintain a paperless office environment.

**EXTERNAL/INTERNAL FACTORS:**

Payroll expenses make up nearly 90% of the SCJC's budget. In order to avoid cutting essential services that have a direct impact on the agency's mission, the agency would have to reduce its administrative work force in order to meet the 4% budget cut. Historically, our agency has consistently found ways to do more with less, and has proven to be extremely efficient in its use of limited resources in comparison to its counter-parts in other states. In the last 15 years, the agency has already experienced a 20% reduction in staff (from 17 FTEs to 14 FTEs) and, as a result, has struggled to maintain the same high level of service while striving to meet key performance measures. The loss of another FTE at a time when case filings are increasing by 20% or more will have a detrimental impact on our ability to maintain that level of service and on our ability to meet these key performance measures.

**DESCRIPTION / JUSTIFICATION:**

To obtain court records essential to SCJC investigations. For access to court records through idocket, government agencies such as the SCJC can purchase a monthly subscription at half the regular cost of \$549/month. This funding would allow us to purchase an annual subscription to idocket (and possibly other subscription services) for access to case files no longer being provided free of charge as needed for the agency's investigations.

**EXTERNAL/INTERNAL FACTORS:**

As part of its investigative functions, the SCJC relies heavily on its ability to review court records, many of which were readily available, at no cost to the agency, thanks to those County and District Court Clerks who provided online records through their respective websites. Recently, several counties have entered into contracts with third-party vendors, such as idocket, and only allow access to court records through a paid subscription. Without such a subscription, the SCJC would have to incur additional time and expense by making a written request to each court or County or District Clerk in each case, potentially exposing the fact that a judge is under investigation, and/or travel to each courthouse personally to review and obtain copies of the records on site.

**DESCRIPTION / JUSTIFICATION:**

Purchase Public Official/Employment Practices Liability Insurance for our Agency.

**EXTERNAL/INTERNAL FACTORS:**

Following a recent audit, the State Office of Risk Management identified a potential loss exposure for the SCJC due to liabilities associated with employment practice and decisions of SCJC directors and officers. According to SORM, these potential exposures can be addressed/mitigated by the Statewide Directors and Officers/Public Officials Liability Insurance Program, which provides protection for financial loss as a result of a claim alleging a wrongful act, error or omission, etc. in the executive/management level of the agency. It also provides coverage for Employment Practices Liability for claims brought by employees or potential employees alleging a Wrongful Employment Practice and/or harassment or discrimination. It can also cover negligent evaluation, failure to hire or promote, wrongful discipline. The SCJC could incur expenses even if an allegation is groundless. The requested funding would enable the SCJC to purchase Public Official/ Employment Practices Liability Insurance to protect the agency against these potential financial liabilities.

**Attainment:**

The State Commission on Judicial Conduct exceeded the applicable HUB goals in FY 2014 and FY 2015 in the Other Services and Commodities categories.

**Applicability:**

The Heavy Construction, Building Construction and Special Trade categories are not applicable to our agency.

**Factors Affecting Attainment:**

The agency only made one purchase in the Professional Services category for FY 2014 and FY 2015.

**"Good-Faith" Efforts:**

The State Commission on Judicial Conduct has made "good faith" efforts to consider HUB vendors in our purchases and will continue to do so.
